Manage your money with ease and convenience

The Synovus Connections® Visa® Prepaid Card is a great way to manage your money easily, safely and conveniently. Load your card, then spend or use what you load. There’s no minimum credit score required to open this reloadable prepaid card. A card can be issued as long as you meet age and identity requirements.

You’re issued a temporary card right away, so you have immediate access to the funds you load. Then, a permanent card, embossed with your name, will arrive in 7-10 business days.

Synovus will not charge you a fee to load your card. However, non-Synovus Banks, third party service providers or merchants may charge a fee when you load your card.
