Important Credit Card Information

All Credit Cards are subject to credit approval.

- 1 If we fail to receive your Minimum Payment by the Payment Due Date during the introductory period, your introductory rate will terminate and the applicable regular rate will apply beginning on the first day of the first Billing Cycle, which begins following such failure.
- 2 Introductory APR available only on Balance Transfers from other financial institutions. A balance transfer from a credit card issued through Synovus Bank is not eligible for the introductory APR.
- 3 Your regular APR for purchases and balance transfers is based on our evaluation of your income and credit information at the time you apply, and it will be the same for purchases and for balance transfers.
- 4. The Annual Percentage Rate for Purchases, Cash Advances, and Balance Transfers will not exceed 24.99%.
- 5. The Prime Rate used is the highest Prime Rate published in The Wall Street Journal on either (a) the first calendar month in which the Billing Cycle begins (or if not published on that day, on the date of its next publication following that date), or (b) the last day of the calendar month in which the Billing Cycle begins (or if not published on that day, on the date of its next publication following that date), whichever produces the higher Prime Rate.
