¹ Account Transaction Limitations for Savings and Money Market Accounts – Savings and Money Market accounts may have no more than six (6) debit transactions per month or monthly statement cycle. A debit transaction is a check, debit/check card transaction, transfer, or pre-authorized transfer, including those made by phone or mobile. Unlimited transactions are permitted if made by the customer in person, by mail, through an ATM or by phone if the check is mailed to the customer. If an account continually exceeds the allowed debit transactions, we may convert it to a checking account.
